Isnala '73 Volume VI

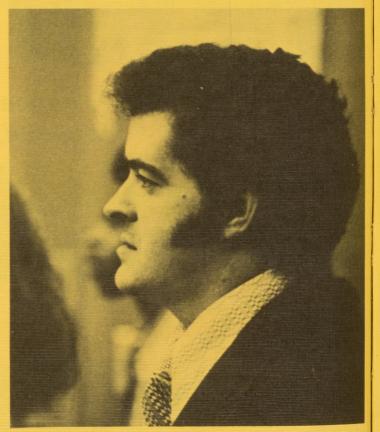

John F. Kennedy High School Richmond, California

Dedication

Mrs. Pat Rupley has always worked with the basic idea of bettering the students. Her truly unending efforts have helped make Variable Modular Scheduling (VMS) at Kennedy High what it is today. When VMS first began in 1970, there were, as with all new things, many problems and ruffled feathers to be smoothed out. Unlike many administrators (not necessarily at JFK), Mrs. Rupley had no vacation that year. She has never had much of a break since the advent of VMS, either.

However, Mrs. Rupley is not the only one who deserves to be recognized. There are few men at JFK who are as open, sincere, and receptive as Mr. Hal Holt. Students often visit him for personal or academic counseling, or just for a good political discussion. As he says, "My door is always open."

Probably there are two times when Mr. Holt is not able to see students: when he is busy programming students for next year, and in September, when he and Mrs. Rupley plow through the task of unraveling the massive conflicts that are created by the computer when it programs our flexible schedules.

In February, Mr. Holt left Kennedy to become the Instructional Vice-Principal at Richmond High. However, all he has done to promote and improve VMS at Kennedy will not soon be forgotten.

Mrs. Rupley will be working hard this summer so that VMS will be even better next year. With Mr. Holt at Richmond, it is probable that she will again go without a vacation. Why does she do it? She's been heard to say, "It's a labor of love."

It is with these thoughts in mind, that we dedicate the 1973 Isnala to Mrs. Pat Rupley and Mr. Hal Holt.

Like a tree branching out as it grows, so is our student body at Kennedy High. Every individual is a branch in the quest for knowledge and understanding, and each helps the student body grow together towards maturity.

Today, well lived, makes every yesterday a dream of happiness, and every tomorrow a vision of hope.

— The Sanskrit

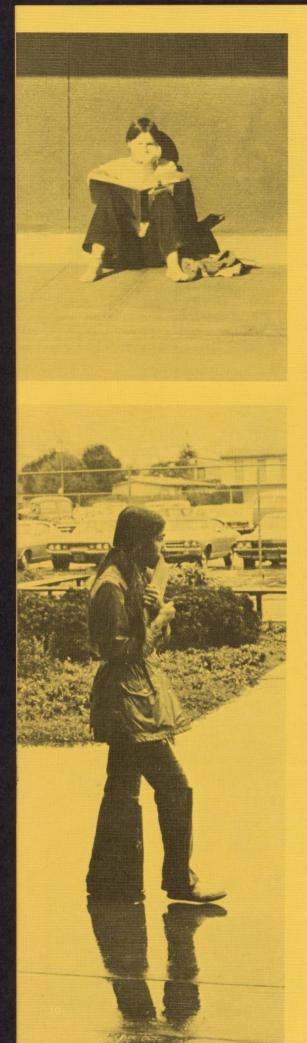

If only I may grow: firmer, simpler-quieter, warmer.

— Dag Hammarskjold

It would do the world good if every man in it would compel himself occasionally to be absolutely alone. Most of the world's progress had come out of such loneliness.

You're more than a friend, for our friendship is not questioned. It will continue to grow long after we have parted, and at times we will be close, through a passing memory or a wondering dream.

— George Betts

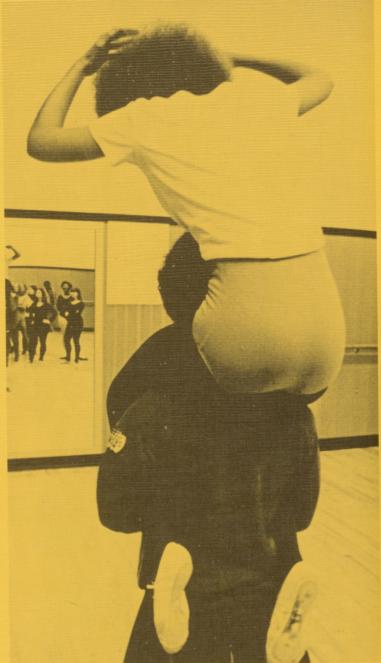

To grow is to change, and to have changed often is to have grown much.

— John Henry Newman

As we grow
we discover
that it hurts to grow
but we discover
As we grow.

Front Row: Eileen Lowe, Kathy Berger, Debutante Burnett, Mr. William Friedrich, Ellie lida, Yukari Nakagawa, Cindy Fong, Jean Carico. Back Row: Sandy Hicks, Terri Perreti, Becky Weaver, Jeannetta Stephens, Brian Gong, Willie Kelly, Lynn Chin, J. Craig Fong, May Chin, Virginia Sanders.

"Eileen, have you checked the second and third signatures for completion? J., will you confirm the bakery ad? Is it one-half or a full page?"

"Jean, the one thousand word copy you just typed is scrapped; Yukari has been handed a replacement."

"The layouts for the senior 'pics,' Becky, will be needed to meet the deadline tomorrow, so bear down on your crew. Oh yes, that means we will work all day Saturday."

"May, the milk ad is great layout, but where's the cow?"

The above is typical of the hectic action that has transpired in room 504 since the opening of Kennedy High six years ago.

The talented staff can justly share with their contemporaries this handsome 1973 edition with anxious pride. As sponsor for the past countless years, one has the rare privilege of seeing rookie editors and staff, mature into promising young journalists. The casually spirited become enthused, the inspired, dedicated.

Deadlines, copy, pictures, games, cameras, layouts, ticks, tough long hours, social activities, class assignments, ads, cartoons, index, and lettering, are all scrambled, sifted and refined, and with the magic touch of the Isnala Staff, graphic evidence is the final legacy.

MRS. VIRGINIA MacCRACKEN

"The personal attributes of faith, love, concern for others, empathy and understanding, brings to mind a dedicated and devoted teacher, John F. Kennedy's Virginia MacCracken, who possessed these personal attributes and exemplified the dedicated and devoted teacher.

"This was never more evident than this past year. Her desire to serve, and her concern for her students became greater at the time of her illness.

"Over the years, this dedication was visible to those with whom she worked, and to the students who were in her charge. She was respected by all who knew her because of her sincerity, her honest expression of her belief, and her high ideals.

"Those who have had the privilege of having Virginia as a teacher were influenced by her. She always demanded and received the best from her students. Just getting by was never enough. Students became loyal to Mrs. MacCracken not because she demanded loyalty, but because she demanded that they work to the best of their ability. A testimonial of this loyalty is the hundreds who have found a place in this community to serve, and have returned to express their appreciation to her for all she has done.

"We at Kennedy High School will feel a void and will miss her very much.

"Our sincere and deepest sympathy is extended to her family, her loved ones, and her friends, of which we consider ourselves as part."

- Mrs. Sally Jones

MRS. ETHEL FELLOWS MILNER

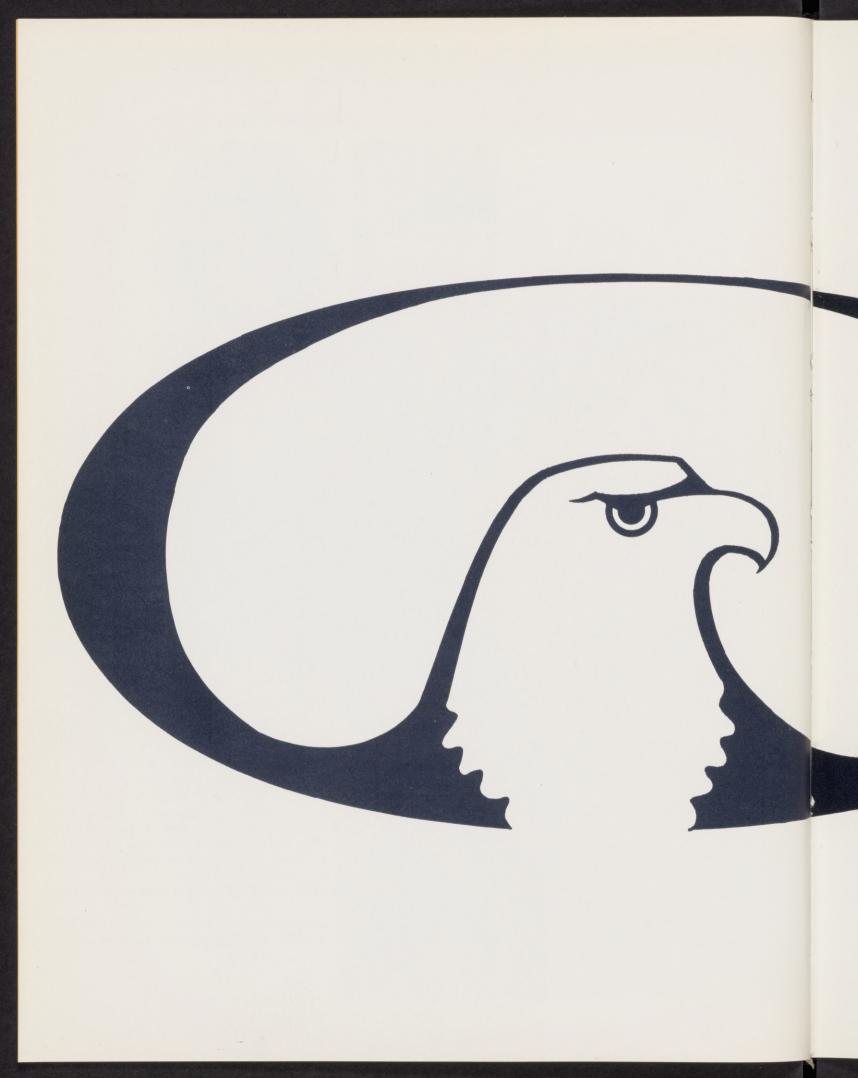

As you can see by the title, an exciting thing happened to our Mrs. Fellows this past summer. Mrs. Fellows remarried. Shortly after this happy day, Mrs. Milner became very ill, and was immediately hospitalized. Her illness was diagnosed as a kidney failure, and surgery was indicated. Both kidneys were removed, and since that day she has been using a kidney machine to keep her blood purified.

She misses her friends here at Kennedy, both students and teachers. She loved her teaching and looked forward to each new day of school.

If a kidney transplant is successful, she hopes to return to Kennedy and resume her duties.

The staff of the '73 Isnala is sure that they speak for the students and administration in wishing Mrs. Milner a speedy recovery, and much happiness for the future.

SENIOR MESSAGE

The class of nineteen hundred and seventy-three ends these four years with victory. Both as a group and as individuals our class has gone to the top in various events and scholastic achievements.

Our freshman year was spent trying to get adjusted to high school, with just a few activities, led by Beverly Parker, Roycelyn Hammond, Gwen James, and Virginia Sanders.

In our sophomore year our class was split with Ells, but the power remained at Kennedy. Beverly Parker, Roycelyn Hammond served their second term, along with Joyce Rice and Mr. Kaehler, our sponsor.

When the year 71-72 rolled around we were "super bad juniors," under the leadership of Jimmy Stuart, Jordan Simmons, Jeannetta Stephens, and sponsors Mrs. Grosso, Mrs. Parker, Mr. Bonham, and Mr. Brock. The highlight of this year was the Junior Prom at the Holiday Inn.

Now the year of all years, our exciting senior year, again headed by Jimmy Stuart, Ron Tyrus, Rose Stringer, Jeannetta Sfephens, and additional sponsors Mrs. Aikens and Mr. Moe. We have had an outstanding football team. After the split with Ells we didn't know what would happen, but in spite of it we went to the Turkey Bowl, won the city championship, and posted the best record Kennedy has ever had. Four of our talented senior players made all-ACAL — Ken Pickett, Ron Rader, Alonzo Teasley, and Mike Vaughn. This year Nancy Mootz, one of our finest senior AFS members, spent the year in the Philippines, and Rania Astrinaki from Greece was a part of our class. Ron Tyrus, Wayne Easter, Don Shimamoto, Doug Doren, and Doug Straus are to be commended for their outstanding forensics records. As a team they have taken first place in the state. Our social standouts were Homecoming Queen Florestine Evans, attendant Cheryl Mitchell, and Snowball representative Brenda Bolton. Every senior who participated in our activities will never forget the exciting events — the dinner dance at the Marriott Inn, the Fun Nite, the Sadie Hawkins Dance, the picnic, the Ganza, and the Senior Ball. '73 is a year and a class that will be remembered as one of Kennedy's best.

Now the time has come (ready or not) for each senior to walk out into society, each to make his or her own decisions as to what he or she wants to contribute to the world.

Softly, on a Summer's Day

Once it happened the over-ripe blossoming of the summer sun, revealing the blanketed lovers fighting their silent game oblivious of sandy-faced children borne in on each lovely wave, or building castles and stoning the cat-voiced gulls, watched by warming mothers gazing higher on the shore; revealing the weary, yellow waves advancing and retreating in front of nervous running, sand birds. And all down the shore the sea garden in scattered tangles tended only by the crooked crab and sand flea, or an occasional small warrior as if his own shrill voice were not enough to move the very cliffs which stand silent, above the sea. — Nancy Haley

JUNIOR PRESIDENT'S MESSAGE

I have noticed that the juniors of this year, and the sophomores of last year, are two different classes. The once soulful sophomores are now the jazzy, carefree juniors. But nevertheless, it has been fun serving you.

We have come from thick confusion but have been able to thin it to a reasonable state of being. We had our problems big and small. We had to struggle, twist, and turn many different ways, but we've finally straightened out.

I am looking forward to making the rest of our short time here the best years we ever had and to making John F. Kennedy High know that the Class of '74 is the best class it will ever have.

SOPHOMORE PRESIDENT'S MESSAGE

This ends our second year here at John F. Kennedy High. We now have two to go. It's been really interesting working with the Class of '75. Although it's difficult to fulfill each and every need, all we can do is use strength, power, and soul. There's only one class at J. F. K. that has them all. You know that's '75.

In order to succeed in every one of our goals, we must become more "together" than what we are at the present moment. I can understand that it is impossible to have the complete knowledge in just barely two years, but if we can get all of the members of '75 before it's too late, we will have the "baddest" class that ever stepped off the campus of J. F. K.

I would just like to urge each and every one of you to give our class your full support. Just keep on pushing, and you will see the results.

FRESHMAN PRESIDENT'S MESSAGE

Next year, we'll be sophomores. It's quite a blow to come from eighth grade on top and then to drop back down to the bottom of the barrel. Now we'll start to climb back up.

We can't say our first year was a bad one. There were a few problems adjusting to the new environment, but there was nothing we couldn't handle. When we are seniors, we will look back at our freshman year as being very good. Next year will be much better.

I think we are a class that Kennedy will be proud of in the years to come. I won't harp on how we are the American spirit. We did our best to make it obvious.

Fellow freshmen, next year we are going to show our spirit even more and our ability to learn, too. And have I forgotten? We are The Class of '76 — who else could we be?

A DACIDATION RATION FACTINY

In years to come, as you thumb through the pages of the 1972-73 Isnala, memories of past events will come to mind. Experience has shown that in most instances fond memories and days of happiness are those retained. The days of youth, of ambition and of aspiration are times you should indeed cherish. May this chronology of everyday events in your life bring back happy memories for you, and may it also renew those ambitions and aspirations of yesteryear.

Mr. Dunning has been and always will be an asset to Kennedy High.

Mrs. Pat Rupley

Pat Rupley, our Instructional Vice-Principal, has literally and figuratively made Kennedy High what it is today. Without Mrs. Rupley's tireless efforts, flexible scheduling would not have been possible. Her kindness, sympathy, and sense of humor make her an outstanding member of the Kennedy High School Administration.

Homecoming '72

From left to right: Freshman Attendant Regina Chaney and her escort Russell Harper;

Junior Attendant Yvonne Strickland and her escort Ronnie Price;

Senior Homecoming Queen Florestine Evans and her escort Keith Jones.

On the night of November 3, 1972, the rain began to pour down upon the field at Contra Costa College. Yet, in no way did this heavy shower stop the mighty Eagles in their strive to win their Homecoming game. The team played fantastically, and with another win on their record, Thanksgiving Day would now be circled on their calendar.

Just as exciting as victory to the football team, was the honor five young ladies had in representing their school and class as Homecoming queens and attendants. Careful preparations for a delightful half-time show were planned, but the continuous downpour made it inadvisable for the show to proceed as scheduled. Instead, the queen, her attendants, and their escorts, promenaded down the field — under umbrellas!

Although everyone who attended the game left the stadium thoroughly soaked, Homecoming '72 will always be remembered as a truly fun and enjoyable evening.

Senior Dinner Dance

There was truly Moonlight on the Marina that Friday night on February 16; the date marking the Senior Dinner Dance. The time was 8:30 and the location was the Mariott Inn on the Berkeley Marina. We danced and dined to the sounds of The Shades of Jade. The night was highlighted by the presentation of awards to members of the Senior Class. Rodney Stephens and Jeannetta Stephens captured the award for the "Best Couple," while brother and sister, Florestine and Gully Evans emerged as "Best Dressed." Eric Gerry and Cheryl Mitchell were acknowledged as constant "Class Cut-ups," whereas Debutante Yvette Burnett and Tony Green walked away with the "Most Talkative" award. As expected Keith D. Jones and Virginia Sanders were deemed "Most Likely to Succeed." Daniel Hershberger and Claudia Colbert timidly accepted the "Shyest" award. The Senior Class of "73" had succeeded in making February 16th a memorable night.

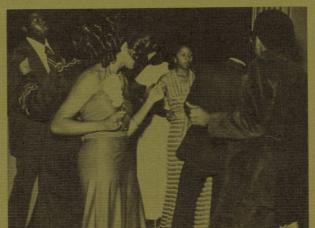

Spring Concert

On the night of February 1, 1973, the music department of John F. Kennedy High held a spring concert which featured the concert band performing "Overture for Winds," "Make It Happen," and "Typewriter Song." Other performances included on the program were a flute trio, which consisted of Linda Heydon, Eliana Caltagirone, and Denise Ribera; a clarinet trio made up of David Yaffe, Don Shimamoto, and David Srebnik; two folk duets presented by Mark Lavezzo and Sue Nelson, and the other by Dana Berry and Samela Aird; to conclude the concert, the jazz band performed "Basie's Thing," "OOO, Mother Magnet," and "Octopus." As always, the "melodic masters" put on another splendid performance.

The Soul of Dance

On March 1 & 2 of '73
At eight o'clock at night,
The dance department put on a show
That was really out-of-sight.

The stage crew did all their work, The dancers put in their all They performed with such great ease It seemed they were having a ball.

The audience loved the show They felt it was one of the best The '73 "Soul of Dance" Truly was a success.

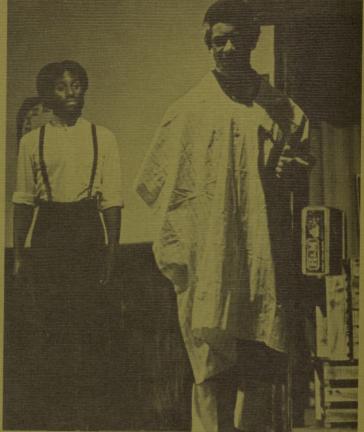

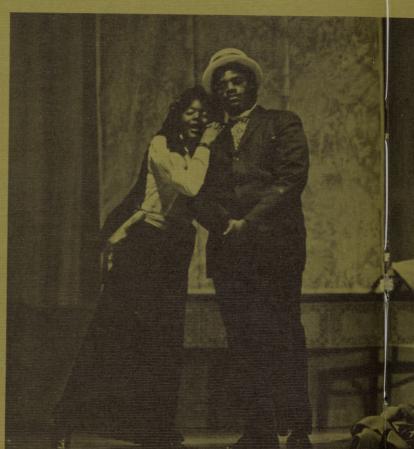

"The Matchmaker"

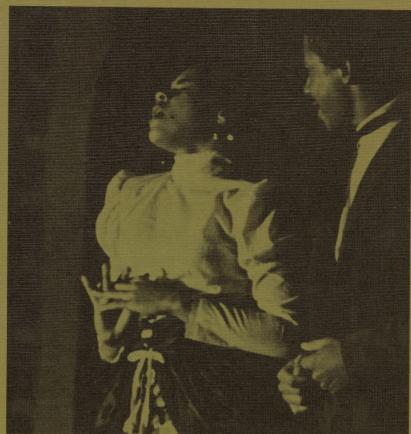

On the evenings of November 16th and 17th, the Drama Department of John F. Kennedy High School presented the delightful musical, "The Matchmaker." The characters were superbly portrayed by leads Anna "Tiny" Collins and Al Turner. Also included in the cast were Lyle Tycer, Kathy Asaro, Robby Meadows, Tessie Wranovics, Gina Miles, Neil Zarchin, Peggy Schmeltzer, Hope Young, and our Dartmouth Intern, Greg Johnson.

The combined efforts of the 'Director," Mrs. Hunter; the actors and actresses; the stage crew, and Mrs. Bailey's Stagecraft class resulted in a fine production. All that saw "The Matchmaker" will remember the play as being truly entertaining.

The talents of Al Turner and Anna Collins were evident during the performance.

Kathie Asaro's flair for the dramatic is always an asset to the production.

To the seniors, the four years here at Kennedy High, have either been the longest or shortest years they have experienced. But in those four years, each and every one of the members of the class of '73, have grown in their own unique way. Although their high school years have been completed, the future still lies before them, and with each moment they encounter, they will continue to live and to grow . . .

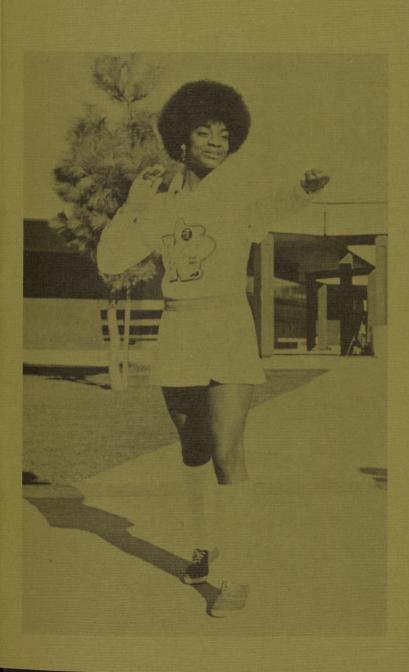

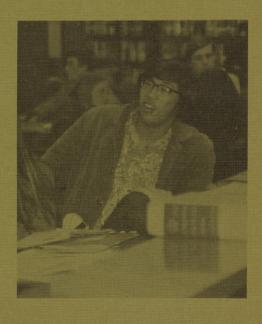

Where soil is, men grow Whether to weeds or flowers.

Black History Week

February 19-23, 1973, Kennedy High honored Black History Week. Special activities during this week included outdoor concerts in the mall, Afrodress day, a program including music by the Gospel choir, Afro and jazz dancers by the modern dance class, and a talented piano player, Mr. Hayes. As an added attraction, the Chi-Lites came and signed autographs.

Cross Country

Kennedy's Cross Country team faced a rebuilding year in 1972. The only returning Varsity letterman was Brian Evans, who was later forced out of competition by injuries. However, by the end of the season, Doug Doren had taken over leadership of the varsity, and a total of four underclassmen had run on the seven-man squad. A number of freshmen distinguished themselves as natural runners in the early part of the season. Although Mr. Stuart's last coaching endeavor did not produce as successful a team as in previous years, Kennedy can look forward to a strong team in the future.

Soph-Frosh '72

The Soph-Frosh football team of 1972, otherwise known as the Mighty, Mini Eagles, played in their coaches' words "a perfect season."

Not to be out done by the older members of the Varsity and JV teams, the Soph-Frosh Eaglets scored a total of 218 points during the season. Compare that to the 39 points their opponents scored against them!

Junior Varsity

Champions of the ACAL North, the Junior Varsity Football team of 1972 was the best in the history of J.F.K. Led by sophomore quarter-back Lance Theoudele, the team played their first seven games undefeated. Statistically, the team averaged 28 points per game as opposed to their opponents' 10 per game. Losing only one game to Ells in the final minutes, they missed City Championship by a touchdown. Looking ahead to their future, we see nothing but success for the Kennedy J.V. Eagles.

"Strong contenders for the cellar." This was one of the typical predictions aimed at the 1972 Eagle football team. But the predictors failed to consider the one factor; this factor being the strong character of the young men that comprised the 1972 Eagle football team. Time and time again, in 1972, the Kennedy football team came through with outstanding performances. These performances led the Eagles to a perfect 9-0 league record and the Northern A.C.A.L. title.

I am personally very proud of the accomplishments of this year's football team, and I am confident that many of these young men will arise to greater heights athletically and academically in their future lives.

Before this ball could leave its resting place at the Eagles' opening game, hours had to be sacrificed by our football team.

As they first took the field, jumping all over each other with excitement for the season ahead, no one knew what was to come.

And when that ball was handed to one of the members of the backfield to run for victory, roasting turkey could be smelled in the distance.

After the game against Ells, which was the game that clinched for the Eagles the right to go to the ''gobble-gobble,'' ''Turkey Bowl!'' was the Eagle cry.

Finishing the season at seven wins and no losses in league play, the Eagles were Number One in the ACAL North and Richmond City Champs. After this fantastic season, the Eagles had only one more opponent to conquer — one more team to play. This was at The Turkey Bowl.

The opponent — Berkeley.

The 1973 varsity basketball team suffered from what would best be called "growing pains." Because they were a young team, with only three seniors, this was a building year for the Eagles. Though they did not win all of their league games as did the football team, they did give their all; that's what really counts. Looking forward to next season, we can see a strong, polished, and experienced team that will not stop for memories.

A Basketball Game

Ingredients:

- 1. A rubberized sphere, 21/2 ft. in circumference and less than 22 ounces in weight.

 2. A net and metal ring 18 inches in diameter.

 3. A rectangular court 94 x 50 ft.

 4. Ten players, five on each team.

- 5. A time and scorekeeper.
- 6. Two smaller rectangles and half circles on both sides of the court. From here free throws will, or will not be made.7. Two impartial referees dressed in black and white prison striped
- shirts with black pants.

 8. A pole or stand on both ends of the court from which the basket and backboard will be suspended, 10 feet in the air.

Dire F goe No

pla ove

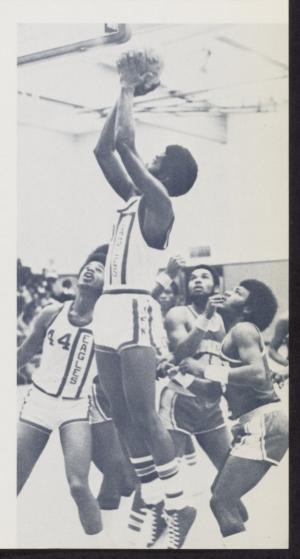

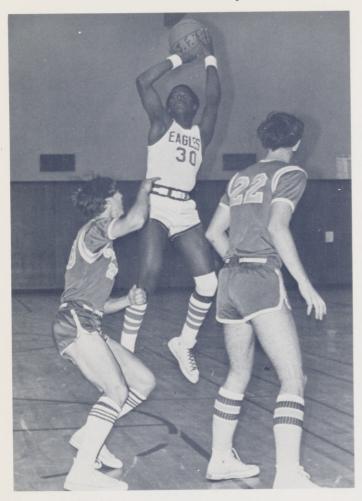

Directions:

Place ball in hands. Run towards basket bouncing the ball. Stop. Take aim and throw ball at the ring. Continue shooting at the basket until the ball goes through the net or a member of the opposing team catches the ball. Now change roles. Try taking the ball away from your opponent. Continue playing until you are tired, a whistle blows, or a horn sounds. The game is over when the timekeeper says stop. The winner is the team which manages to throw the ball through their net the most times.

This year's tennis team will be remembered as "The Tremendous Tennis Team of 1973." Compiling the best season record in the history of Kennedy, this year's tennis team set a standard of perfection which will be unequaled for years to come. Led by Seniors Dickie Wong, Dougie Straus, Tommy Louie, and Timmy Simmons, the clay-court Eagles lost to Berkeley by a mere one point. To be sure, it was a loss; it was, however, a moral victory. On the Eagle attack was surprising Sam Smith, a freshman on the Varsity team. His doubles partner, Tommy Louie, finished his years on the tennis team by surpassing all of his past performances.

As we mentioned before, the season record of eight wins and only six losses is the best in Kennedy's history. Looking to the future, we see six of ten Varsity players returning next year, an outstanding and upcoming J.V. team, and nothing but success for the Eagles.

The members of the 1972-73 girls' tennis team were truly a unique group of athletes. The pictures on this page tell the story. Long hours of vigorous practice resulted in a poised and polished team. As the season progressed, each girl developed her own style. From the grace of Angie Wong (right) to the agility of Joanne Kerbavez (upper left), these girls played a fantastic season. Congratulations girls . . . job well done.

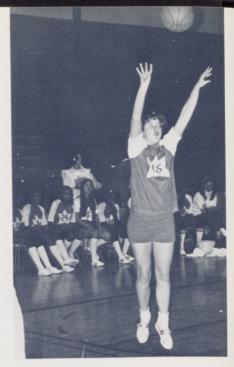

GAA Basketball

The Girls' Varsity Basketball Team started their season in January. The girls practiced every morning before school; they deserve to be recognized for their hard work. The highlight of their season came when the girls knocked De Anza High out of the playoffs. Next year they will be playing in the newlyformed Richmond Unified School District League and are looking forward to another exciting season.

GAA Swimming

The 1972 girls swimming team was one of the most successful in the history of J.F.K. These girls deserve to be complimented on their stamina and for their strong showing against schools throughout the Bay Area. Every morning before school, these girls braved the dawn's chill to practice plunging into our pool. Congratulations, girls, on a fantastic season!

Although they are not competing, the Gymnastics team of JFK has been working hard to improve their athletic abilities and have enjoyed every minute of it. The team never would have gotten together without the enthusiastic encouragement and guidance of Miss Dolly Felix. Under her fantastic and skillful coaching, the practicing and the efforts have all been worthwhile.

Dance

The dance and drama departments of Kennedy High, in their second year under the direction of Mrs. Lois Hunter, had a very entertaining year. Beginning the year with "The Matchmaker," the drama department performed before a nearly packed cafetorium for two nights. Meanwhile, over in the dance room, things were being prepared for the annual Christmas program, which featured dancing and acting, along with chorus, orchestra, and band. Later on in the year, there was a night of one act plays, and a night of dancing, and after this section went to press, another musical. No doubt this was a sequel to "West Side Story." Congratulations to the members of these two fine departments.

Drug Panel

The drug panel, led by Mr. Springer, is consisted of concerned volunteers who are interested in acquiring information about the drug problem, and relating the problem to students. The panel obtains their information from former drug users, and from field trips to various rehabilitation centers. The many facts and opinions which they discuss with students are not only limited to the student of J.F.K. but are also shared with younger students of neighboring elementary schools. In short, the drug panel has been a valuable service to the community.

THE MICROSCOPE

Anton Leeuwenhoek was Dutch.
He sold pincushions, cloths, and such.
The waiting townsfold fumed and fussed
As Anton's dry goods gathered dust.

He worked, instead of tending store, At grinding special lenses for A microscope. Some of the things He looked at were:

mosquitoes' wings, the hairs of sheep, the legs of lice, the skin of people, dogs, and mice; ox eyes, spiders' spinning gear, fishes' scales, a little smear of his own blood,

and best of all, the unknown, busy, very small bugs that swim and bump and hop inside a simple water drop.

Impossible! Most Dutchmen said.
This Anton's crazy in the head.
We ought to ship him off to Spain.
He says he's seen a housefly's brain.
He says the water that we drink
Is full of bugs. He's mad, we think.
They called him dumkopf, which means dope.
That's how we got the microscope.

Marine Biology

Kennedy's marine biologists have studied the ecology of the San Francisco Bay-Delta-Esturary complex. To do this, they studied the monitoring techniques for the measurement of the physical, chemical, and biological factors. The school lab and field work became their laboratory. Highlights were a trip to Sonoma Coast and a trip aboard Mr. Dunning's boat in the Bethel Island area of the Delta.

The BSU of J.F.K. High School consists of a group of hard working students who are willing to sacrifice some of their time in the interest of the community and their fellow students. The purposes of the BSU are to raise a scholarship fund for worthy members, give financial assistance and moral assistance to the community, and celebrate the black dates on the calendar with programs to honor black leaders. The BSU also tries to be an asset to the school's honor and the community. None of this would be possible without the cooperation of the BSU members, our sponsor Mrs. Mathis, and our outstanding BSU officers.

As a fund raising activity, Forensics sells its ever-famous Dansky doughnuts every morning.

"Walk together, talk together, all the peoples of the world."

In pursuit of this ideal, the theme of AFS here at Kennedy has been the unique relationship in which a family accepts a maturing young person from a different cultural background, and in which people accept, for the duration of their experience, a new family and educational situation. In addition, through the guidance of a responsible leader, Mrs. Jeanne Casey, and through experience and experimentation, AFS encourages new models and opportunities for exchange.

Rania Astranaki is Kennedy's foreign exchange student this year. Her native home is Greece. Her home here was with Kathy Moore, a senior at Kennedy. We all hope that Rania has enjoyed her visit to Kennedy as much as we have enjoyed her being here.

Nancy Mootz left in June 1972 to spend the year as the Kennedy American Field Service Club exchange student. She first joined a family in Malolos, near Manila. This area was badly flooded in July, but Nancy and her new family had little damage. In September, President Marcos declared martial law, and all communication with the world outside of the Philippines was cut off. In December, Nancy moved to Davao, Mindanao, where she attended a Jusuit college with several of her new brothers and sisters. Her trip was truly a rich experience.

Student Legislature

J. has expressed well the disillusionment felt by most of us working within the Student Association this past year. The futility of such efforts is well known to most students here, which is reflected in the widespread cynicism towards "student government."

However, this ineffectivity was not what caused me a large measure of despair; I had half-expected it before entering office. What blew my mind was the realization that the American secondary school system is geared to the production of mediocre second-class citizens: the "silent majority" — less interested in social injustices than in personal comfort that America demands to keep her military-industrial authoritarian machine running.

Those who know me may dismiss this as mere radical bantering, but to those and to all of us, I would commend the challenge of building individuality in the face of all "isms" which confront us.

virtues and faults. True as that may or may not be, I think that my newness enables me to see the things that those "old-timets" have to.

Look out onto the Collins' Mall and see people interacting with one another. Visit the Social Science Office and observe as the tea communicate — yes communicate — with students. Pay a visit to Mr. Monses' Advanced Placement English Class and hear the sound and perception. Listen to the Sounds or Kennedy High.

Laboring under the burden of a bad reputation, the students of J.F.K. have made the complex variable Mothlar scheduling a success, no other school in the district can honestly say that. We've succeeded in getting students to value to students; teachers relistedents (and vice versa). For the most part, what could be befor? Considering the other high schools in the district (no pages course), we see that Kennedy High is far and a vay the one with the best instructional stoff, the best student body the most responsition, and the best campus (the 900 building comes down this summer). We are part of the linest high school in the Richmond Unified S. We are the envy of many schools in the Bay Area. We have every right to be proud. But something is wrong — terribly wrong.

We've become so accustomed to the good things at J.F.K. that we've forgotten what it would be like to be without them. We've people — students and teachers alike — worked long hours to build the school that is now to him is Kernedy High School. We take that which has taken time to be earned. And now we forget. We forget that we baye no rights — only privileges. And privileges away.

way.

More than others would have you believe, the '73 Kennedy Student Association worked hard to represent the students this year nothing tangible or material came from our efforts. However, Carter West is to be commended for his job of organizing the Representative of the students.

Rodney Stephens was a good representative of the students.

As I mentioned, Carter and I ald very little to produce material results in the larger part of the year. It was after taking affice that we the fullity of our efforts. Carter and I realized that any efforts we may have put forth in the hope of improving Kranedy High needed weren't supported by the students. We desperately needed the Associated Student body to give us a purpose. And that it and not body, part, wouldn't and couldn't care less about what the S.A., the "Administration," or "Dewntown' did to or for Jr.K.

It's not really anyone's fault, nor is it really an isolated problem. We've let it sneak up on us. But now that we know what its, when where it comes from, let's not ignore it. You didn't need student government his year because there were no real need or a riplaints none that I ever heard about. If there were any it would be the job of the students, he take sure that the officers found out so the might be done. If there were any problems in 1972-73, the students called in their job to let us know if we knew obtain any apoblem tailed in our job to deal with them. Perhaps student government wash needed this year. However, thus, and straining and straining the police dog for students "rights." If the problems return (Don't worry, Mr. Amon: present company excepted, you'll be in for one in 1973-74, we commend Kennedy High School — none the worse and none the better for our having been here.

For the past year, there has been a consistency in our lives. (5-6-7-8) Those counts have led us into numerous routines. They've been with us since May of '72 and will be with us forever. The thing which has motivated us, and will continue to motivate future spirit leaders, is devotion to the Kennedy Eagles. The 72-73 Eagles were well worth our time, and we enjoyed every moment we spent with them. 72-73 has been our first and only year as Poms, but it's going to stick with us. Expression

Every day as we meet the joys and disappointments of life, we reflect our emotions in our faces. The eyes are the windows of the soul, and our faces become a screen on which we project our emotions. No matter how we try to hide our feelings, they are shown to the world in one way or another. Trying to hide ourselves is useless. Express yourself in any way possible; through your eyes, your mouth, your face, and your emotions. Teachers are here to teach the methods of expression, and the school is meant to be an available place to do it. But no matter how good the teachers are, or how nice the school is, it takes open human emotion for true expression.

When you investigate the nether world of fish as I did, you find the flashing green and blue and turquoise and emerald surroundings they live in a tremendous busy-mess. While I watched, a group of pirate fish — fish that looks as if it had been painted by Dufy — swam by with brisk determination as if they were late to a Parent-Teacher meeting and were determined to raise hell about the new school board. Five seconds later a swarm of grunts, a yellow fish of great charm and staggering numbers, headed due East as if they were old grads going to the Yale-Harvard game. Then a solitary grouper flashed by for a luncheon date with a blonde he knew. They all seemed to be going somewhere and they knew the quickest route where the traffic is lightest . . . Then a few seconds later the mood in this watery world changed utterly. There were a thousand or so fish just sitting around looking at each other, nobody going anywhere.

[It was a Monday morning at Kennedy High.]

"Well, Webster can call a <u>sponsor</u> a guarantor. But when you come right down to the brass tacks, they're simply 'the ones with the cash.'"

In terms of money, this year was particularly difficult for the Isnala Staff. Suffering from this acute shortage of cold, hard cash, the Staff found itself contemplating pot-lucks, car washes, bake sales, and other sundry money-raising projects.

The '73 Isnala inherited a debt of about \$2,000. This "legacy," the origins of which are so shameful that they cannot be recounted here, landed in our collective laps and brought us to the realization that we were going to have to scrounge for money all year. And scrounge we did.

It is difficult enough to raise the money to pay for a \$7,300 (Wowl An omen!) yearbook without having an extra \$2,000 slapped overall. What a struggle!

And now, here is the 1973 Kennedy Isnala — complete, fresh, new, and out of debt. We've pulled ourselves out of the red. We keep saying that with starvation staring us in the face, we fought off the creditors. And so we did. But we couldn't begin to pat ourselves on the back without taking time to recognize all the great people who donated money and helped us in our fight against bankruptcy.

Friends of Isnala

The 1973 Isnala Staff would like to extend special thanks to the following "Friends of Isnala" for their help in the production of this annual:

Photography by Nenni, for taking all the underclass pictures and for the reasonably quick return of those pictures to the *Isnala* office; and

Linda Johnson from Nenni's, for masterminding all those great Senior graduation portraits; and

Joe Bradley from Nenni's, for plowing faithfully through all those unique, unusual, and much needed organization, candid, and team pictures without so much as a scream of frustration (not much, anyway). Maybe he lost a pair of pants, but he's made, at least, two loyal friends; and

Mrs. Elaine Clark and Patty Francis, for being there in a time of need and for helping "sew up" a small problem that was bothering Joe; and

Ricky Endow, for his continued support. Go to "good ole", dependable Rick" if you need pics in a hurry; and Mrs. Susan Bailey, for her advice and for taking all the Cross-Country pictures; and

Douglas J. Doren, for his fidelity and unfaltering patience. No more patient a man has yet been found than Doug — while waiting for his Cross-Country pictures to come in; and

Mr. Curry's photography class, for keeping us supplied with interesting candid flicks; and

The cooperative librarians, for having faith in us to let us check out nine or ten "famous quotation" books all at once — for weeks at a time; and

The ladies in the Attendance Office, for their almost Biblical patience with the staff (especially the Business Manager) while we were selling the Isnala; and

Mr. Dennis DeSilva of Studio Seven, for bailing us out with those FANTASTIC Turkey Bowl pics; and

Mrs. Karen Davis, for helping the '73 Isnala to be one of the first (if not the first) yearbook to use computerized student-picture identification; and

The Taylor Publishing Company, for their almost flawless production of what is obviously Kennedy High School's best yearbook; and

Mr. Fred Dahlenger, for his great sense of "humor" and patience; and

The Main Office Secretaries, Margaret, Shirley, Gail, and Trudy, for letting us monopolize (and tie up) the Kennedy telephone system; and

Mr. Corwin Myers, for protecting the timid yearbookers from the "things that go bump in the night" while we worked into the wee hours. (You'd be timid, too, if you had to work 'til 10 pm inside a school with no windows); and

The Honolulu Cafe, for providing all that food that kept us from wasting away on Doritos, Pork rinds, and Barbequed Potato Chips; and

Mr. Arthur Solari, for helping the Staff proof-read all the copy and for correcting all of our spelling and punchooashun errurs; and

Mr. C. E. Monsees, for his moral support during insecure times; and

Mrs. Jessie Theoudele, for helping us keep track of our often non-existent funds; and

All of Kennedy's administration and faculty, for tolerating the absences of staff members while working to meet deadlines; and

Mr. Reg Dunning, for his constant cooperation in time of need;

AND, last but not least, W. H. "Bill" Friedrich, for his faith and guidance. He made it all possible.

You've chosen a very difficult path to travel . . .

a path filled with opportunities and disappointments a path most people try to avoid because of the responsibilities, but I see you striving to push ahead, and I know you will succeed.

In Memoriam:

Leonard Otis Moe

Too often, during the course of our endless personal endeavors, we take for granted the blessings of our environment as well as those pleasant social contacts that make each day worth living and each job a challenge.

So it was with Mr. Leonard Moe, a person who was blessed with a concern and unselfish interest in the happenings of students as well as his associates. Many times we have seen Leonard Moe staying late after school to see the students perform in athletics, practice for a performance, and attend an away-from-school function.

Teaching was not just a job with Mr. Moe; it was something of himself that he could give to others. This unselfishness of time and effort was further reflected in his associations outside the context os his chosen field. So, we are content to know that others also have benefited from his affable personality.
